ENGAGEMENT EXTRAORDINARY.
Generations of play-actors have enjoyed Uncle Tom's Cabin, the story that moved the world, and the chapters to history. But it remained for Manager Stowe's great company to place the old-time drama in a modern stage setting. While the text of Harriet Beecher Stowe's masterpiece is preserved in its entirety by her nephew, John F. Stowe's big production, there are other features introduced that make the play a new and even to those who have laughed with Topsy and wept with Eva years ago. This company comes to us direct from its eastern tour, traveling in their own special train of palace cars, presenting this great play under a large waterproof tent seating 2,000 people, which includes 500 reserved seats. At a large expense the management they have engaged Professor Hayworth's military band of twenty solo artists, which will give a noon-day concert. Don't fail to hear this famous band, or you will miss a musical treat. Monday, May 13.

SOME ONE SENT ED PICKARD A TELEGRAM

According to the El Paso Times, H. S. Pickard, the cashier of the First National bank, was injured in an automobile wreck near Gorieta, N. M., yesterday in which one of his ribs and a wrist were broken. "Well, well, that's strange. I have not been away from Albuquerque for some time, and here I am reported as having been injured. I wondered why my brother, Ed Pickard, at El Paso, wired me how I felt," said Mr. Pickard this morning when shown the clipping.
According to the story, Mr. Pickard and another friend were en route to the Pecos river in an automobile when the machine upset, while going at a high rate of speed.

PASTOR'S PEN SLIPS AND HIS LOVE BURSTS

Fervent Epistle to Petite Assistant Is Misdirected and Causes Downfall of Rev. Carpenter, Whose Wife Succeeds to His Pulpit.

Harrington, Del., May 11.—A fervent love letter to Miss Della Goodrich has brought about the downfall of the Rev. Dewitt Maynard Carpenter, until recently the well beloved pastor of the Apostolic Holiness Union church in Harrington.
By mistake the pastor put the letter in an envelope addressed to the recorder of deeds, instead of a marriage notice. The recorder notified the trustees of the church and then the love bubble burst. A meeting of the trustees was hastily called and the pastor was notified to appear. Instead of doing so, he never showed his resignation and left Harrington by the first train today.
Mr. Carpenter leaves a wife and two children in Harrington. Mrs. Carpenter said today she did not know her husband's whereabouts. She said that she believed her husband exercised a hypnotic influence over Miss Goodrich. Mr. Carpenter is 55 years old and Miss Goodrich is 32.
Three years ago Pastor Carpenter persuaded Miss Goodrich to come to Harrington and act as his assistant.

OROGRANDE IS CENTER OF AN ACTIVE MINING DISTRICT

Smelter Ready to Blow in For a Long Run--Camp's Mines Are Producing \$15,000 a Month Net.

Orogrande, May 11.—Orogrande, the center of the Jarilla mining district, has been dull for several months because of the little work being done on the smelter. All the heavy work has been done for some time and only a few men were kept to finish putting the sampling machinery in place. The uncertainty of the time of starting was also a factor in keeping conditions unsettled, but that is all over now.
The smelter is practically ready to blow in, there remaining but the finishing touches to put on the automatic sampler, some slag track to be put down, and possibly some increase to the ore bins to be made.
Mr. Murray, the new superintendent, is pushing work on the mines and has announced to the company the fact that he will be ready to supply the smelter at an early day. He estimates that the output of the smelter in return for ore shipped will be about \$15,000 a month. All the charges it means that the district is now producing above \$200,000 a month.
The Turquoise Copper company with four full claims, it being the old De Mules property, is shipping a high grade ore and is receiving nearly \$4,000 a month net. This is to be increased as the company has recently opened up a body of sulphide ore better than any yet shipped out.
The Seven Cane Eleven, owned by the Luck company and being one of the luck known by that name is a large shipper, sending out several cars a week of high grade ore.
Culver & Downes, on the Alice, one of the claims of a group of seven, has opened a new vein of copper ore at a depth of 165 feet. There is considerable iron and everything carries gold. It is believed that this will prove a great discovery.
The Boston-Jarilla Copper company is a new company in the district organized for the purpose of taking over about two hundred acres of very promising mineral ground.
The Standard Mining company, controlled by L. D. Baker, of Enid, Okla., and Capt. W. D. Brach and Thos. E. Ruby, of Orogrande, is doing considerable development on a number of promising properties. The Flycatcher, Midnight and the Wheel of Fortune are in what is called the Water Canyon, and the first named of the group is now in place to output about a car a day. The company has put in 216 feet of work on this claim. This company owns the Roosevelt, Hayes and Nevada claims, near the famous Lucky group.
On the whole the district is more prosperous than it ever has been in its history, and is just entering its era of prosperity. In the properties controlled by the company thousands of tons of ore has been blocked out, or broken down and stored, awaiting the opening of the smelter.

SPORTING NOTES.
The Deming Kids play at El Paso tomorrow.
The Browns and the Geronimos cross bats at Tractor park tomorrow.
Well, as the Glants have overhauled the clubs, and the Americans are picking up, New York begins to swing again.
Dahlen's fielding does not anywhere near keep pace with his hitting. The only two errors charged to his club in one game were due to him.
Jim Bonner, of Summit Hills, Pa., has been matched to meet Billy Mack of Scranton, in a ten-round go before the National A. C. of Plymouth, Pa., on May 14.
Boston was pretty easy picking last week. In one game they were beaten to a frazzle at the end of the second inning. The Glants played sharp, snappy base ball.

Dummy Taylor was the silent hero of one of the battles with Boston. He let down the beanbaggers with five hits, and he didn't make any brag out of it either.
We are again compelled to ask if you have been watching Billy Dahlen willow work these days. Bill let the team hitting, against getting two singles and one double.
Chase stood the Bostons on their heads. After hitting in Keeler and Hoffman with the runs that broke the tie and won the game, he stole second and scored on Laporte's grounder.
"Fighting" Dick Hyland and Billy Finneane, are making their debut at the Auditorium in Denver, on May 17. The men are to go twenty rounds and will weigh in at 123 pounds ring-side.
Harry Lewis, the Quaker City lightweight, is training a few miles outside of Philadelphia for his fifteen round fight with Jimmy Gardner, which is to take place in Denver on May 17.

The Cheapest Form of Health Insurance

YOU can buy Health Insurance now. Several good "Accident" Companies sell it. Sixty dollars per year will bring you \$25.00 per week, for every week you are sick. But your time alone may be worth far more than that. And \$200 per week might not pay for your suffering. That's why "Cascares" insurance, which prevents sickness, is worth ten times as much money as other "Health" insurance. Yet "Cascares" insurance will cost you less than Ten Cents a week. That gives you a "Vest Pocket" Box of safety constantly. One tablet taken whenever you suspect you need it will insure you against 90 per cent of all other ills likely to attack you. Because 90 per cent of these ills begin in the bowels, or exist through poor nutrition. Cascares don't purge, don't weaken, don't irritate, nor upset your stomach. No, they act like Exercise on the bowels, instead. They stimulate the Bowel-Muscles to contract and propel the Food naturally past the little valves that mix Digestive Juices with Food. The time to take a Cascares is the very minute you suspect you need one. —When you have a touch of Heart-burn, Gas-belching, Acid-rising-in-throat, or a Coming-on-Cold. Carry the "Vest Pocket" Box ready for business where it belongs, just as you would your Watch, Pocket-knife or Lead-pencil. It costs only 10 cents. At any drugstore. Be sure you get the genuine, made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."
